t use this cable for charging).

设置
Setup

为Nreal X眼镜选择并安装合适的鼻托。
Please select and attach the most comfortable nosepad to your Nreal X.

如果需要近视镜片，您可以到本地眼镜商处用近视镜框验配镜片。如需了解您所在地区的眼镜商是否会为Nreal眼镜提供特别优惠，
请访问：https://www.nreal.cn。

If you require prescription lenses your local optician can add them to the Prescription Lens Frame. To check if Nreal has special deals with opticians in your area please visit: https://www.nreal.cn.
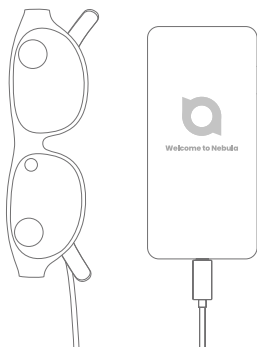

准备
Getting Ready

在使用Nreal X眼镜之前，您必须首先使用Nreal APP或通过指定web页面来激活。请扫描二维码，获取有关手机兼容性的信息，并下载Nreal APP。或者访问：https://www.nreal.cn/glasses/compatibility。

To use your Nreal X glasses you must first activate them through the Nreal App or the specified web page. Please scan the QR code and download the Nreal App. To check smartphone compatibility, please visit: https://www.nreal.cn/glasses/compatibility.
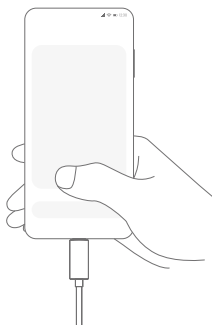

即插即用
Plug & Go

戴上Nreal X眼镜，插入手机，Nreal APP将自动启动。
Wear your Nreal X, plug them into your phone and the Nreal App will launch automatically.

注意：Nreal X眼镜会消耗手机电量。
Note: Nreal X runs on your phone's battery.

用手机当控制器
Your Phone Is Your Controller

在Nreal APP中，您可以使用手机与空间中的3D内容进行交互。将手机放于正前方，指向对应内容，然后点击触摸屏上的任意位置开始交互。

In the Nreal App, you use your phone to interact with 3D content in space. Hold your phone in front of you to point at content and tap anywhere on your touchscreen to interact with it.
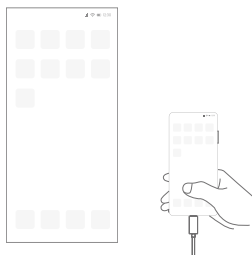

显示模式
Display Modes

Nreal APP可支持混合现实(MR) Space和Air Casting模式。下拉系统通知栏，进行模式切换。

The Nreal App supports Mixed Reality (MR) Space and Air Casting. Swipe down on the system notification bar to switch modes at any time.
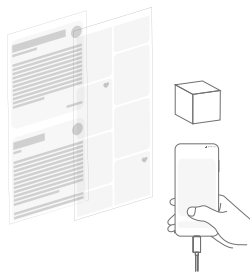

Air Casting

将手机屏幕上的内容投射到您的视野范围。Air Casting模式下，您可以快速在沉浸式**全屏模式**（显示屏将覆盖眼镜的整个视野范围）和较小的**副屏模式**（您可继续与真实世界交互）之间切换。 您可以正常使用手机里的所有APP。

Cast the content of your phone screen into your field of view. Air Casting enables easily switch between an immersive **Full Screen Mode** in which the display covers the glasses' entire field of view and a smaller **Side Screen Mode** that allows you to continue to interact with the real world. To navigate, use your phone the way you normally would for all apps.
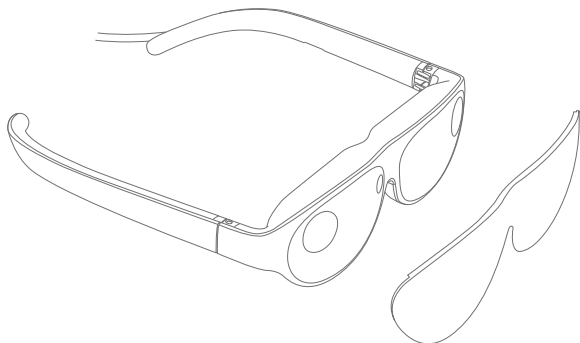

MR Space

使用Nreal APP中的主屏幕，在3D空间中一次打开多个应用或网页。操作时请使用手机上的虚拟射线指向对应内容和图标，然后点击触摸屏。

Open multiple applications or web pages at once within 3D space using the Home Screen in the Nreal App. To navigate, point at content and icons with your phone's virtual laser and tap on your touchscreen.

遮光镜片
Light Shield

将遮光镜片装在Nreal X眼镜上，获取最佳的沉浸式观影体验!

警告: 佩戴遮光镜片后，您将完全无法看见周边的真实环境。请不要在佩戴遮光镜片期间四处走动，否则可能会导致您绊倒或摔倒。您有责任营造和维持安全的使用环境。

Attach the Light Shield to the front of Nreal X for an immersive video-watching experience!

Warning: Attaching the Light Shield completely blocks out your physical surroundings. Please do not walk around while using the Light Shield as this may result in accidents such as stumbling or falling. You are responsible for creating and maintaining a safe user environment.
